COST-PLUS PRICING (interstate moves)

For the purpose of interstate moves (moving from one state to another) HogWild utilizes the Cost-Plus method of billing. This means that we bill you the actual out of pocket cost incurred by Hogwild (the Cost), plus a percentage (the Plus).

The Cost part of the Cost-Plus arrangement would commonly include: equipment rental, labor, fuel, accommodations, etc. The Plus part covers the cost of business administration, scheduling, insurance, billing, along with other routine costs that are shared by all HogWild customers.

Cost-Plus benefits you in that it eliminates the "adding" of quotes to cover the potential of cost overruns. You only pay for the services you use. Cost-Plus benefits HogWild in that it allows us to compete on price, without the risk associated with potential cost overruns. Most important, Cost-Plus is transparent by nature. So, the customer always knows exactly what to expect, and what they are paying for.
